BMW INDIVIDUAL.

THE MOST EXCLUSIVE WAY TO DRIVE A BMW.

BMW Individual. The most exclusive way to drive a BMW.

True exclusivity is defined by the very highest standards: those that each person sets for themselves. BMW Individual enables you to realise these standards in the car you drive.

The exterior paint finish choices present shining examples of the highest standards. What the eye perceives as a fascinating interplay of luminous tones arises from unique pigmentation. This is what gives the BMW Individual Moonstone metallic paintwork its unparalleled depth. Indeed, the three-dimensional, ever-changing shimmer caused by exceptionally high light refraction is only exceeded by diamonds. Under the varying play of light, just like moonlight, this finish iridesces between bluish silver and warm yellow-gold. It's an effect that lends a polished elegance to the powerful

impression of the new BMW Individual M5. Harmony in contrast, meanwhile, is established by the BMW Individual fine-grain Merino leather in Cohiba Brown, with its strong, yet warm tone. Combining exclusive elegance with the highest comfort, this satin-soft, breathable leather is distinguished by hand-craftsmanship that ensures an unspoilt natural grain with an almost tangible sense of nobility. The sense of luxury is further underlined by leather trims used on an even more generous scale than in the Series models. The interior trim in Piano Finish Black is a perfect match for the dark leather. Working with this finish also requires a high degree of craftsmanship. Creating the highly polished surface, matched only by leading piano manufacturers, can only be achieved through a special buffing process. An elegant alternative is presented by interior trims in precious woods, with their own characteristic grain and stylishly nuanced colours. Again, these are outstanding qualities brought about by finishing methods associated with the highest levels of craftsmanship.

The following pages show the colours and materials available for the new BMW M5. Use them to identify your favourite colours, or compare various combinations. These colour samples are meant to give you a first impression of paints and materials. Experience has shown, however, that printed versions of paint, upholstery and interior trims cannot in all cases faithfully reproduce the appearance of the originals. We therefore recommend that you consult your BMW partner on your preferred colour choices. They will be happy to show you samples and assist you with any special requests.
